

“Your Schools Drug Free Club”

Your School is pleased to provide affordable access to student drug testing at the request of the parents or legal guardian. With our **Drug Free Club** student drug testing program we allow students not currently involved with extracurricular activities, as requested by parents within our school districts, to participate in the district’s random student drug testing program. Results are 100% confidential and reporting goes directly to the parents.

How the program works

1. The parent/guardian can obtain our **Drug Free Club** student drug testing consent within your district’s office.
2. Read and sign the Informed Consent Agreement. The student must also sign this agreement.
3. Turn in the signed agreement. Identification of students may be required at the time of testing.

4. Upon completion of the testing, the Medical Review Officer will finalize results and will notify the parent/guardian and Drug Free Club liaison of any positive testing results. **Results will not be released to any other party without written consent of the parent/guardian.**
5. If a positive test result occurs, the parent/guardian may request counseling or follow up testing within the program.

Our **Drug Free Club** program is available to any student who is enrolled within the district. Your Schools will not attempt to diagnose substance abuse problems. We only want to provide another tool to parents and guardians in making informed decision on what might need to be done to help their children.
