

DRUG FREE CLUB APPLICATION

A-Tech is pleased to provide free access to student drug testing at the request of parents or legal guardians. Results are 100% confidential and reporting goes directly to the parents.

How the program works:

1. Parents / Legal Guardians and Students should read and sign the Drug Free Club Application.
2. Students should turn in the completed application to the Principal's Office.
3. Students will be required to show their Student IDs at the time of testing.
4. Upon completion of testing parents / legal guardians will be notified of any positive testing results. Results will not be released to any other party without written consent of the parent / guardian.
5. If a positive result occurs, the parent / guardian may request counseling or follow-up testing within the program.

A-Tech's Drug Free Club is available to any student who is enrolled within the district. A-Tech will not attempt to diagnose substance abuse problems.
